

R6 IN-EAR BLUETOOTH®

LEGENDARY SOUND + GREAT FIT

After 60+ years of making legendary loudspeakers, we built upon our bold audio heritage to revolutionize the headphone industry. Since 2007 we have been creating the most innovative headphones on the market. We are the performance and comfort leaders. Period.

SO COMFORTABLE IT'S PATENTED.

The same advanced acoustic engineering and industrial design from our legendary Reference home theater speakers provide the performance, voice and design for the Klipsch R6 In-Ear Bluetooth® monitors. They are engineered for pure performance and designed to be the best sounding, most comfortable headphones on earth and the embodiment of legendary Klipsch sound. Klipsch in-ear monitors utilize patented contour ear tips that are anatomically designed to accurately fit inside the human ear canal. These soft oval silicon tips reduce ear fatigue as well as provide an amazing seal for excellent noise isolation and bass response. Only Klipsch has them!

FORM, FUNCTION AND STYLE

Constructed from aluminum and elastomer, this sleek design is lightweight, durable and comfortable.

YOUR MUSIC COULD SOUND BETTER. JUST SAYIN'

Dual-magnet moving coil drivers cover a wide frequency range with dynamic detail and deliver strikingly realistic sound. Using the award-winning acoustics of our R6 In-ear family, the Bluetooth® version gives you the freedom from wires without the hassle of being tethered to your device. Using aptX® and AAC technology, you no longer have to choose between sound or comfort.

ADVANCED THREE-BUTTON REMOTE + CLEAR VOICE MIC

Offers full control of most smartphone models including Android and Apple devices, allowing for seamless control of music and phone calls. Equipped with cVc®, R6 In-Ear Bluetooth automatically enhances voice clarity and actively reduces environmental noise to ensure you sound loud and clear.

ACCESSORIES

Each R6 Bluetooth® headphone comes with a carrying case, wire cinch and four different sized ear tips so you can customize your perfect fit.
