

THE ONE II PHONO

MID-CENTURY MAGNIFICENT

Incorporating luxury materials such as real wood veneer and tactile spun switches and knobs, the Klipsch Heritage Wireless series of powered audio systems blends the acoustics and classic design legacy of Paul W. Klipsch with the latest technologies available today.

TURNTABLE READY

The One II Phono has a built-in switchable phono preamp and includes a dual RCA Input connection for a turntable use. Switched to phono, you can connect any turntable directly to The One II Phono. Switched to line, you can connect any analog device that uses RCA outputs.

BLUETOOTH® WIRELESS TECHNOLOGY

The One II Phono features Bluetooth® 4.0 Wireless technology so you can enjoy streaming internet services, internet radio, or content stored on your phone or tablet.

PROFESSIONALLY TUNED STEREO SOUND

The diminutively sized Klipsch The One II Phono is a 2.1 stereo system biamplified for audiophile resolution and features two 2 1/4" full range drivers and a 4.5" woofer, professionally tuned by Klipsch acousticians to deliver a crystal clear acoustic performance with great bass.

FLEXIBLE PLACEMENT OPTIONS

The One II Phono is small enough that it can be placed anywhere – on a table top, small credenza, bookshelf, etc.
